# B.e.s.t Sass and Compass in Action PDF

B.e.s.t Sass and Compass in Action by by Wynn Netherland

## Summary

*Sass and Compass in Action* is the definitive guide to stylesheet authoring using these two revolutionary tools. Written for both designers and developers, this book demonstrates the power of both Sass and Compass through a series of examples that address common pain points associated with traditional stylesheet authoring. The book begins with simple topics such as CSS resets and moves on to more involved topics such as grid frameworks and CSS3 vendor implementation differences.

## About this Book

For 15 years, we've been using CSS to patiently paint the web by hand. No more! Sass and Compass add scripting and a library of components to standard CSS so you can simplify stylesheet authoring, automate tedious tasks, and add dynamic styling features to your pages. Think of Sass and Compass as power tools that allow you to paint with remarkable speed and precision.

*Sass and Compass in Action* is a hands-on guide to stylesheet authoring using these two revolutionary tools. This practical book shows you how to eliminate common CSS pain points and concentrate on making your pages pop. You'll begin with simple topics like CSS resets and then progress to more substantial challenges like building a personal stylesheet framework to bundle and reuse your own approaches and opinions.

Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications.

## What's Inside

- CSS for desktop and mobile web apps
- Loaded with examples and reusable techniques
